MAGAZINE

## **93** Goldschmidt 2006 Vyborny Vineyard PLUS Cabernet Sauvignon (Alexander Valley); \$150.

You'll want to age this wine for a good 6–8 years, because right now it's rather tough in tannins, and the fruit and oak have not married. Nonetheless it's quite a good wine. Shows complex layers of blackberries, currants and caramelized oak. Lifts Alexander Valley Cabernet above its usual level into noteworthy.
