

Goldschmidt Vineyards and **Forefathers Wines** are proud to offer our portfolio of handcrafted, artisan wines, from the most prestigious wine producing regions of the new world. All of our wines are single varietal, single vineyard offerings that showcase not only the essence of the varietal character but also the uniqueness of the vineyard site from which they were born. For more information please visit our website at:

Forefathers Sauvignon Blanc, Marlborough, New Zealand

100% Sauvignon Blanc from our vineyard site on the Hawkesbury River in central Marlborough. The fruit was hand harvested in the cool of the night and immediately pressed off separating the juice from the skins. The wine was fermented and aged in stainless steel then left on lees to accentuate creaminess.

Forefathers Shiraz, McLaren Vale, South Australia

From our vineyard site on Coppermine Road in McLaren Vale, this 100% Shiraz was made using traditional Australian wine making techniques. After a short time on skins the wine is fermented in barrel then racked and aged in French oak for 12 months. The wine was bottled unfiltered and unfiltered.

Forefathers Cabernet Sauvignon, Alexander Valley, California

This Cabernet was produced from our vineyard site in the heart of the Alexander Valley, just east of Geyserville. It is 100% Cabernet that was hand picked and macerated on skins for 3 weeks. The wine was barrel aged in French Oak for 18 months before bottling.

Goldschmidt Vineyard Cabernet Sauvignon, Alexander Valley, California

The fruit for this wine comes from the tiny, 5 acre, Vyborny Vineyard in the Alexander Valley. The unique site is home to gravelly loam soil, providing good drainage, and rich, concentrated flavors. Excellent exposure of the small clusters combined with long hang time on the vine yields optimal ripeness and varietal character. The wine is fermented and aged in French oak.

Goldschmidt Vineyard Cabernet Sauvignon, Oakville, California

The Game Ranch Vineyard is a 3 acre site situated in the heart of the Napa Valley, on the eastern bench of the Silverado Trail. It is located on an old river bottom and is made up of bouldery, lean soils. It is in this stressful, low moisture environment that the fruit is allowed to develop its full potential and showcase the characters of this amazing site. 100% Cabernet Sauvignon, fermented and aged in French oak.
