Forefathers Wine not Tainted by Doping

Indianapolis, Indiana – August 1, 2006. Forefathers Wines took another victory lap at the fourteenth annual **Indy International Wine Competition**. The largest wine competition in the United States, the Indy International brought in over 3,859 wines from 17 countries. Wines can be awarded a gold, silver or bronze medal. The very best wines are awarded Concordance Gold (receiving a unanimous “gold” medal score in the initial tasting), earning the right to compete for Best of Show. Only 116 wineries were chosen as Concordance Gold winners and 341 wines selected as gold medal winners. Here is how the Forefathers wines showed;

**2004 Forefathers Shiraz, McLaren Vale, South Australia – Concordance Gold
Best of Show**

2002 Forefathers Cabernet Sauvignon, Alexander Valley, California – Gold Medal

2005 Forefathers Sauvignon Blanc, Marlborough, New Zealand – Silver Medal

Eighty-four judges traveled to Indianapolis from across North America to review approximately 120 wines a day based on appearance, aroma, taste and finish. The Indy International Wine Competition is sponsored by the Indiana State Fair and coordinated by the Indiana Wine Grape Council at Purdue University. Today, the Indy International Wine Competition is considered one of the premier wine judging events in the country.

Goldschmidt Vineyards is based in Healdsburg California and is the producer of both Goldschmidt Vineyard Wines and the highly acclaimed Forefathers Wines. All of the wines produced under Goldschmidt Vineyards are single vineyard, single varietal wines that Nick and Yolyn Goldschmidt have personally crafted from carefully selected vineyard sites throughout the world. Goldschmidt Vineyards and Forefathers Wines are distributed exclusively to fine wine purveyors and selected restaurants. For availability and pricing please contact our Director of Sales and Marketing, John Helfrick.
